

TEENAGE GIRLS !

ABC News is looking for girls 12-14 to participate in group discussions (for about an hour) on the subject of teenage relationships. The video taped session, where cameras may not always be visible, will be used in connection with a program that will air on ABC News.

To qualify you must be between the ages of 12 and 14, live in the greater New York area and have permission from your parents/guardians. Parents/guardians will be asked to sign and return to ABC News a consent form granting permission for your participation prior to the date and time of the video taped session.

If you are interested and would like to participate in this exciting opportunity please log onto <http://abcnews.go.com/primetime> and complete a brief questionnaire. You *must* provide all of the requested information to be considered for the project.

An interviewer will contact some individuals and their parents to ask additional screening questions and to provide a detailed ABC News consent form for participation in the program.

Please feel free to invite a friend to apply too. We look forward to hearing from you soon!
