

James Lee has been identified as the gunman who was shot and killed while holding hostages in the Discovery Channel headquarters. Lee has protested in front of the headquarters in the past where he had been arrested and convicted of disorderly conduct.

Lee's alleged campaign to have Discovery make a "commitment to save the planet" prompted him create the website www.savetheplanetprotest.com, federal officials have confirmed.

Below are excerpts from a manifesto containing demands of Discovery that was posted on Lee's website and signed "Lee."

The Discovery Channel MUST broadcast to the world their commitment to save the planet and to do the following IMMEDIATELY:

The Discovery Channel and it's affiliate channels MUST have daily television programs at prime time slots based on Daniel Quinn's "My Ishmael" pages 207-212 where solutions to save the planet would be done in the same way as the Industrial Revolution was done, by people building on each other's inventive ideas. Focus must be given on how people can live WITHOUT giving birth to more filthy human children since those new additions continue pollution and are pollution. A game show format contest would be in order.

All programs on Discovery Health-TLC must stop encouraging the birth of any more parasitic human infants and the false heroics behind those actions. In those programs' places, programs encouraging human sterilization and infertility must be pushed. All former pro-birth programs must now push in the direction of stopping human birth, not encouraging it.

All programs promoting War and the technology behind those must cease. There is no sense in advertising weapons of mass-destruction anymore. Instead, talk about ways to disassemble civilization and concentrate the message in finding SOLUTIONS to solving global military mechanized conflict.

Civilization must be exposed for the filth it is. That, and all its disgusting religious-cultural roots and greed. Broadcast this message until the pollution in the planet is reversed and the human population goes down!

Immigration: Programs must be developed to find solutions to stopping ALL immigration pollution and the anchor baby filth that follows that.... FIND SOLUTIONS FOR THEM TO STOP THEIR HUMAN GROWTH AND THE EXPORTATION OF THAT DISGUSTING FILTH!

Saving the Planet means saving what's left of the non-human Wildlife by decreasing the Human population. That means stopping the human race from breeding any more disgusting human babies! You're the media, you can reach enough people. It's your responsibility because you reach so many minds!!!

Develop shows that will correct and dismantle the dangerous US world economy.

Humans are the most destructive, filthy, pollutive creatures around and are wrecking what's left of the planet with their false morals and breeding culture.

For every human born, ACRES of wildlife forests must be turned into farmland in order to feed that new addition over the course of 60 to 100 YEARS of that new human's lifespan! THIS IS AT THE EXPENSE OF THE FOREST CREATURES!!!! All human procreation and farming must cease!
