

Cynthia Marie,

As you get this letter, this should be no surprise that I have decided to leave the earth, because I need to be with Cynthia Marie.

I cannot keep on going because it should be me that is gone from this earth, not her. I have lived many years, I am satisfied with my decision because I have never been the man you, Lee, Casey & especially Cynthia Marie deserved.

I have never been the man any of you could count on. I have always let each of you down in more ways than I can remember. I do not feel sorry for myself, I am just sorry I burdened all of you the way I have.

My life of life is meaningless.

Cynthia Marie, you have always worked the hardest, given the most to me, and I have never "thanked you". 28+ years ago, you corrected me, a man who has never found his identity in life. What I mean is, you always challenged me the right way, and I always could never live up to your expectations. You have always been smarter, more knowledgeable & thought than I and I love you for that.

I cannot be strong anymore. Caylee Marie,
my grand-daughter I miss her, I miss her so
much. I know you do too.

You were always the one that provided
for her. What did I provide?

I blame myself for her being gone!
You know for months, as a matter of fact,
for a year or so I brought stuff up, only to
be told not to be negative.

Caylee Marie I miss her. I miss her..
I want my family back.

I sit here, falling apart, because I
should have done more.

She was so close to home, why was
she there? Who placed her there? Why is she gone?
Why?

For months, you & I, especially you
always questioned, why?

I want this to go away for Casey!
What happened? Why could she not come to
us? Especially you, why not her?

Who is involved with this stuff for
Caylee?

I am going crazy because I want to

go after these people Casey hung with prior to
Cayle being gone.

That is why I got that gun. I wanted
to scare these people. You know. They know
more than they have stated, you cannot - sugar
coat, kid glove these people. They need hard
knocks to get info from.

Sure that ~~o~~ will not bring Cayle Marie
back, but was Casey threatened? You know,
Casey does not deserve to be what she is.

I miss kev, I miss kev so much.
I am worried for kev. Kev personal safety
is always on my mind.

I try to deal with so-so much, as
I do you also.

I have never wanted to my family
for sorrow in any way. I realize families
have ups & downs, but we have suffered our
share & then some.

Cynthia Marie, you have always deserved
more & with me being gone you will. I have
always brought you down. You know that.
You are better off. Lee will be there for you.
Mallory is such a great woman. I see how
you are with kev. She is a Keeper. Future

Daughter-in-Law. I smile when I say her name.
Mallory, please take care of yourself, Lee & Cindy.
Someday you will be a great wife to Lee, and a
fantastic Mom. Cindy is a great "Brammy",
& will love you forever.

Getting back to why I cannot live
anymore: I cannot function knowing our
granddaughter is gone. Caylee Marie never
had a chance to grow. I wanted to walk her to
School (the 1st day). I wanted to help her in so
many ways. Shoot her 1st Basket. I could go
on & on.

I sit here empty inside for her. For
you, for us. Joe' keeps calling.

Yes, you deserve more & you will have
freedom to enjoy what you deserve.

I have taken what med's was given
to me with alcohol & I am ready to give up.
As I can tell by my writing & thinking
I am getting very stupid. Wow, what
a word STUPID. Yes, I am. Again, I
do not feel sorry for myself, but yes I
am STUPID. I cannot deal with
stuff anymore.

The loss of Caylee Marie. The loss of Casey.
The loss of us, Cynthia Marie, the meds,
I am ready.

Saying Good Bye, please understand it
is for the best. I do not deserve life
anymore. Anymore us.

You are the best, you always have
been. I am sorry for all that I have
done to us.

You know I never got to say good Bye.
I am at this place & all is getting funny
& my writing is all over the place.

I Love You, I Love You,

I hope you get to see Casey soon.

All the people we met, wow the
writing is getting weird, I Love you,
